PROFESSIONAL SUMMARY

DevOps Engineer with over 8 years of IT experience, including 3+ years of specialized experience in DevOps and Cloud Engineering. Possesses hands-on expertise in cloud infrastructure automation, CI/CD pipeline development, and containerized application deployments. Skilled in AWS services, Docker, Prometheus, Grafana, and CloudWatch for monitoring and observability. Experienced in Linux system administration, SSL/TLS implementation, Cloudflare security, and Git-based version control workflows. Holds a BSc. in EEE from Ahsanullah University of Science & Technology and currently pursuing an MSc. in ICT at Bangladesh University of Professionals.

EXPERIENCE

DevOps Engineer | Newroz Technologies Limited | Mar 2023 – Present

Software Company specializing in Fintech | Mirpur DOHS, Dhaka, Bangladesh

- Managed and optimized AWS cloud infrastructure, implementing cost-effective, highly available solutions.
- Automated infrastructure provisioning and configuration management
- Built and maintained robust CI/CD pipelines with GitHub Actions, Jenkins & Codedeploy, improving release frequency and reliability.
- Containerized microservices using Docker
- Provisioned infrastructure as code using Terraform for repeatable, auditable deployments.
- Configured and maintained SSL/TLS certificates, Cloudflare security settings, IAM roles/policies, and enforced cloud security best practices.
- Set up comprehensive monitoring and observability using Prometheus, Grafana, and CloudWatch; investigated and resolved deployment failures, scaling issues, and performance bottlenecks.
- Performed root cause analysis for production incidents and participated in on-call rotation.
- Collaborated with development, QA, and product teams to implement DevOps best practices and ensure smooth deployments.
- Maintained system architecture documentation and operational runbooks to support onboarding and knowledge sharing.

Assistant Manager, Technical Service Division | PSP Group | Sep 2022 – Feb 2023

IT, Security, Surveillance & Intelligence Solutions | Tejgaon, Dhaka, Bangladesh

- Managed end-to-end project lifecycle from initiation to customer deployment, overseeing configuration, upgrades, and troubleshooting of hardware and software systems.
- Deployed and acceptance-tested specialized GSM, UMTS, and LTE solutions in enterprise environments.

System Support Engineer | PSP Group | Jan 2018 – Aug 2022

- Provided technical support, managed infrastructure incidents, and maintained system stability.

Junior Executive, Technical Service Division | PSP Group | Feb 2016 – Dec 2017

- Assisted in technical operations and client-facing support for IT and surveillance solutions.

TECHNICAL SKILLS

Cloud (AWS)

EC2, RDS, ElastiCache, S3, IAM, SNS, SQS, VPC, Route 53, CloudFront, ELB, CloudWatch, Lambda, EKS, CodeDeploy, CloudFormation

Automation

Ansible, Terraform, Packer

CI/CD

GitHub Actions, Jenkins

Containers

Docker, Kubernetes

Monitoring

Prometheus, Grafana, CloudWatch, Graylog, Monit

Security & Networking

SSL/TLS, Cloudflare, IAM Policies, VPN, DNS, HTTPS, Firewall

Web Server	Nginx, Apache, Virtual Hosting, Reverse Proxy
OS & Linux Admin	Ubuntu, CentOS
Source Control	Git, GitHub — workflows, PR reviews, branching strategies
Databases	MySQL, PostgreSQL, MongoDB
Languages	Bash, PowerShell, C++, HTML, CSS
Project Management	Jira, Confluence, Agile, Scrum

EDUCATION

Masters in Information & Communication Technology (ICT) — Bangladesh University of Professionals (BUP) | 2023-Present

BSc in Electrical & Electronic Engineering (EEE) — Ahsanullah University of Science & Technology (AUST) | 2015

Higher Secondary Certificate — Comilla Victoria Govt. College | 2010

Secondary School Certificate — Comilla Zilla School | 2008

KEY PROJECTS @ NEWROZ TECHNOLOGIES LIMITED

FastPay | e-Wallet / Payment Solution (Iraq) | Mar 2023 – Present

Iraq's most awaited mobile wallet enabling money transfers, mobile/internet recharge, shopping, and bill payments with industry-grade security compliance.

- Maintained CI/CD pipelines using Jenkins to automate build, test, and deployment workflows.
- Ensured PCI DSS compliance across the payment infrastructure through security hardening and access controls.

ZiCharge | Mobile Wallet Platform | Jan 2024 – Present

A feature-rich mobile wallet offering shopping, gaming, online card purchasing, bill payments, promotions, and reward points with enhanced security.

- Containerized the application using Docker with Amazon Elastic Container Registry (ECR) for image management and deployment.
- Managed deployments ensuring high availability and seamless scaling of wallet services.

HappyHaat | E-Commerce Platform | Jun 2023 – Jul 2025

An e-commerce platform for safe and organic food products, connecting consumers with trusted vendors.

- Built and maintained CI/CD pipelines to automate deployment workflows for the platform.
- Configured Cloudflare for DNS management, DDoS protection, and performance optimization ensuring high availability of the e-commerce platform.

Fast Connect | Point of Sale (POS) & KYC Solution | Jul 2023 – Nov 2023

An advanced electronic Point of Sale solution with integrated Know Your Customer (KYC) capabilities for customer identity verification.

- Managed AWS infrastructure and Git workflows for deployment and version control of POS services.
- Supported KYC integration and ensured reliable, secure service delivery across environments.

CERTIFICATIONS & TRAINING

- AWS Solution Architect Associate Training — Azzda Technology Solution (Sep–Dec 2022)
- DevOps Training — CSL Training (Sep–Dec 2022)
- AWS Cloud Practitioner Essentials — AWS (Nov 2022)
- Linux Cloud and DevOps — Coursera (Nov 2022)
- Introduction to Web Development — University of California, Davis / Coursera (Feb 2021)
- CCNA: Switching, Routing & Wireless Essentials — Cisco (Dec 2020)
- Mass GSM Interception Operational Training — Netherlands (Oct 2018)
- AWS Community Day Bangladesh 2022 — Workshop on Terraform & AWS EKS (Dec 2022)
- Technology Seminar: International Exhibition of Homeland Security, Milipol-Asia Pacific — MBS, Singapore (Apr 2017)

SOFT SKILLS & LANGUAGE

Communication • Teamwork • Adaptability • Time Management • Integrity

English: Professional Working Proficiency (IELTS Band Score 6.5) • **Bengali:** Native Speaker
